Dover-Foxcroft Town Office
48 Morton Ave. STE A.
Dover-Foxcroft ME, 04462

Greetings Friends,

As the second Regular Session of the Maine State Legislature convenes, I would again like to thank you for granting me the opportunity to serve Dover-Foxcroft and all of House District 31, in the Maine House of Representatives.

The First Regular Session of the Legislature was a busy one, as lawmakers faced many difficult issues and decisions. I hope you will be pleased to know that I was fairly successful in getting multiple bills that I submitted through the Legislature and signed into law with strong bipartisan support; bills that increased your Freedom of Access rights, removed and reduced bureaucratic requirements and costs on our citizens when changing vital records, and ensuring that your Fifth and Eighth Amendment Rights were upheld and Maine laws were brought into compliance with a recent Supreme Court decision regarding property rights. I am extremely pleased that I was able to advance these causes and garner support from both sides of the political aisle and get these laws passed without debate on the chamber floor. While I was not able to get every bill I sponsored passed, I was surprised to learn that I had among the highest success rate among the minority party simply by pursuing the basic Constitutional principles of individual liberty and limited government, goals I will continue to pursue for as long as I am given the honor to serve you.

I am also pleased that the Legislature was finally able to stabilize highway and road funding and I will continue to fight to improve the efficient delivery of your government services by reducing the size of government, for reducing your energy costs by fighting for common sense energy policies, and removing the barriers that make it harder for businesses to prosper in Maine. As a member of the Legislature's Joint Standing Committee on Criminal Justice & Public Safety, I look forward to continuing my work during the Second Regular Session as we tackle matters that are crucial to our community.

Again, thank you for giving me the honor of serving you in Augusta!

Respectfully,

A handwritten signature in black ink, appearing to read 'Chad R. Perkins'.

Chad R. Perkins
State Representative

STATE OF MAINE
OFFICE OF THE GOVERNOR
1 STATE HOUSE STATION
AUGUSTA, MAINE
04333-0001

Dear Maine Resident:

In January, I was privileged to take the Oath of Office to begin my second term as your Governor. I am deeply humbled by the trust the people of Maine have placed in me, and I look forward to continuing to work hard over the next four years to improve the lives and livelihoods of Maine people.

Over the past four years, we have made real progress. We have expanded health care, leading to the largest decline in the uninsured rate of any state in the nation. We fully funded the State's share of public education. We delivered two-years of free community college. We fully restored municipal revenue sharing to five percent. We delivered substantial tax relief, nation-leading inflation relief, and emergency energy relief to help Maine people through difficult times.

Through the Maine Jobs & Recovery Plan, we are strengthening and diversifying our economy. In 2022, our state's gross domestic product – a key measure of economic growth – grew at the 9th fastest rate in the United States. People are moving to Maine at a rate higher than any other New England state, and at one of the highest rates in the nation. We have enacted balanced budgets, and we have built up Maine's "Rainy Day" fund to a record high, preparing our state to continue meeting its commitments in the event of an economic downturn.

While I am proud of the progress we have made, there is more to do, like addressing the housing crisis, the workforce shortage, and the opioid epidemic and strengthening health care, education, and the economy. I know that by working together to tackle these issues head-on, we can improve the lives and livelihoods of Maine people and make Maine the best place to live, work, and raise a family.

Thank you again for the honor to serve you as Governor.

Thank you,

A handwritten signature in black ink, appearing to read 'Janet T. Mills'.

Janet T. Mills
Governor

Jared Golden
Congress of the United States
2nd District of Maine

Dear Friends,

I hope this letter finds you safe and well. It's an honor to continue serving as your representative in Congress, and I take the responsibility very seriously. I appreciate the opportunity to update you on what I've been working on behalf of the people of the Second Congressional District.

Maine's heritage industries are the backbone of our state's economy. That is why one of the first bills I introduced in this Congress was the *Northeast Fisheries Heritage Protection Act*, which would prohibit commercial offshore wind energy development in Lobster Management Area 1 (LMA 1) in the Gulf of Maine. LMA 1 was identified by the Bureau of Ocean Energy Management (BOEM) as a potential commercial offshore wind site. LMA 1 is a critical and highly productive fishing ground for a variety of sea life, including lobster. Prohibiting offshore wind development in LMA 1 would help to avoid conflict with the New England commercial and recreational fishing industries. Additionally, the bill would initiate a federal study on the environmental review processes of any relevant Federal agencies for offshore wind projects in the Gulf of Maine.

I also continue to advocate on behalf of our veterans and those providing care to our former service members. The current pay for VA employees in the Kennebec and Penobscot counties does not reflect the critical services they are providing. As the oldest state in the nation, with the fifth highest veteran population, Mainers rely on the services offered at the Department of Veterans Affairs (VA) facilities. That's why recently, Senator Collins, Senator King, Representative Pingree, and I called on the Biden Administration to increase locality pay for VA employees in Kennebec and Penobscot counties. The level of care received is impacted by job vacancies, and the high turnover rate among its healthcare workforce is often the result of pay and compensation issues, which is further exacerbated by the increased cost of living.

Lastly, I'm excited that Mainers are continuing to reap the benefits of the *Bipartisan Infrastructure Law* (BIL). Recently, millions of dollars in grants have been awarded across the state, including \$35 million through the U.S. Department of Transportation's Culvert Aquatic Organism Passage (AOP) program to conserve spawning and migratory habitats for native fish species in Maine, \$460,000 through the Airport Infrastructure Grant (AIG) program for the Princeton Municipal Airport, Stephen A. Bean Municipal Airport, and Dexter Regional Airport, and nearly \$8 million through the Buses and Bus Facilities Program for Bangor's bus system. These investments are critical to ensuring Maine's infrastructure and will help to ensure Mainers and businesses across Maine are connected.

Regardless of the year, one of my top priorities is ensuring I'm accessible to you. My staff and I can help answer questions about and navigate federal programs; find resources in Maine; and resolve issues with Medicare, Social Security, the VA, and other federal agencies and programs. We are here to help:

- **Caribou Office:** 7 Hatch Drive, Suite 230, Caribou, ME 04736. Phone: (207) 492-6009
- **Lewiston Office:** 179 Lisbon Street, Lewiston, ME 04240. Phone: (207) 241-6767
- **Bangor Office:** 6 State Street, Suite 101, Bangor, ME 04401. Phone: (207) 249-7400

I look forward to building on momentum from recent legislative wins for Mainers and continuing to work on your behalf in 2024. Do not hesitate to reach out and voice an opinion on legislation, let us know about local events, or seek assistance navigating federal agencies or programs. It's an honor to represent you in Congress, and I wish you a healthy and prosperous year to come.

Respectfully,

Jared F. Golden

VETERANS' AFFAIRS

Dear Friends,

Thank you for allowing me to add my congratulations and gratitude for the positive differences each town and city in Maine makes for its people and ultimately for Maine as a whole. When I travel around the state and visit the various regions in Maine, I see firsthand the differences you all make, the focus you put on excellence, and the helping hands you extend to neighbors. I have learned valuable lessons watching your collaborations with each other. They got the State motto right – *Dirigo* – because you all certainly do lead the way and exemplify the best of Maine.

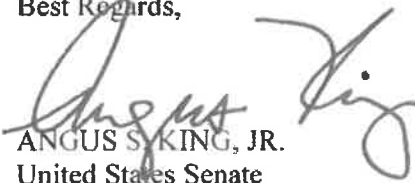

First, it was a true honor to be appointed to the Senate Veterans Affairs Committee this year to help address the challenges facing Maine veterans. We owe our way of life to these brave men and women and share a collective responsibility as a grateful nation to give back to our veterans. That means delivering veterans the benefits they have earned, addressing the veterans' suicide crisis, improving transition-to-civilian-status programs, and ensuring every veteran can access essential services, like affordable housing and behavioral healthcare.

Next, one of the most significant infrastructure projects in Maine history is underway: affordable and universal broadband availability throughout the state. Supported through funding in the bipartisan infrastructure bill, we are now within striking distance of broadband service even in our most rural communities. Additionally, infrastructure improvements in our roads and bridges, water and septic upgrades for our towns and support for our workforce and employers are also in the pipeline. Serious steps are being taken to address the toll from substance abuse and to provide our older neighbors with resources to help them continue to stand strong throughout their golden years. It is my goal here to make sure everyone has access to stable employment opportunities and quality healthcare which is of critical importance to keep our families healthy and happy.

I am thankful for each town in Maine for their commitment to their communities, to their citizens, and to this country. I will do my part to listen to your concerns and work to find useful solutions to the issues you face. My offices throughout Maine remain available to you if you face hurdles with the federal government, whether it be veteran issues, social security problems, student loans, immigration, tax assistance and more. I hope you will reach out of my offices in Presque Isle, Bangor, Augusta, Portland, or Biddeford and allow me the chance to be part of your solutions. Together, I know we can continue to build a stronger, brighter future for our great state.

Maine is known for our grit and resiliency and we are making great strides — something others across the country have noticed. Thank you for being one of the reasons Maine is so special; it is not only a pleasure to serve you — it is a pleasure to know you. Mary and I wish you a happy and safe 2024.

Best Regards,

ANGUS S. KING, JR.

COMMITTEES:
APPROPRIATIONS
Vice Chair
HEALTH, EDUCATION,
LABOR, AND PENSIONS
SELECT COMMITTEE
ON INTELLIGENCE

Dear Friends:

It is an honor to serve the people of Maine in the U.S. Senate, and I welcome this opportunity to share an update on issues important to Maine and America.

One of my priorities for 2023 has been to improve the appropriations process in Congress – the way it decides how to spend taxpayer money. I took over as the Vice Chair of the Senate Appropriations Committee last year. Along with Chair Patty Murray, we decided the best change we could make was not to do something new. Instead, it was to do something old – that is, go back to the regular and transparent committee process that we used to have.

Part of restoring this process included holding 50 public Committee hearings, which allowed for input from senators on both sides of the aisle. As a result, for the first time in five years, the Senate Appropriations Committee passed all twelve of its funding bills on time. This was done with strong bipartisan support. In fact, seven of them passed unanimously.

Now, we need to work with the House of Representatives to pass these twelve bills and turn them into laws.

These bills contain funding for a wide range of Maine priorities, including support for the workforce at Bath Iron Works and Portsmouth Naval Shipyard, our lobster industry, infrastructure improvements, affordable housing, biomedical research, veterans, and heating assistance programs like LIHEAP. These bills also contain nearly \$590 million in Congressionally Directed Spending for 231 projects throughout the State of Maine. These projects would help promote job creation, expand access to health care, and improve public safety, infrastructure, and important resources in communities across all 16 counties of our state. I will continue to work to get these bills signed into law in the new year.

On October 25, the horrific mass shooting in Lewiston claimed the lives of 18 Mainers and injured 13 others. In response, I led Maine's Congressional Delegation in requesting an independent investigation by the U.S. Army Inspector General into the events leading up to the shooting. On December 15, the Under Secretary of the Army wrote to inform me that such an investigation will take place, and the Army Inspector General has instructed her team to immediately begin preparing to conduct this investigation. While nothing can undo the events of October 25, I will continue to work to understand what happened and what could have been done differently, and to find answers for the victims, survivors, and their families.

No one works harder than the people of Maine, and this year I honored that work ethic when I cast my 8,855th consecutive roll call vote.

As we look ahead to 2024, I remain committed to addressing the concerns of Maine families and communities. If you need assistance or wish to share your thoughts, please do not hesitate to reach out to one of my six state offices.

Sincerely,

Susan M. Collins
United States Senator

MOTOR VEHICLE

We began offering residents **Rapid Renewal Online Vehicle Registration Renewal Service** during the 2001-02 Fiscal Year and 170 re-registrations were done online. The number of residents using this service continues to remain steady each year. There were 680 renewals completed on-line in the Fiscal Year 2022-23 averaging **over 57 renewals per month**. This service is available year-round 24 hours a day, 7 days a week, for your convenience. You may access this website at www.dover-foxcroft.org or

www.sosonline.org. To complete your renewal online, you will need your yellow registration form, insurance card and current mileage. Payments for online registrations may be made by either credit card or checking account.

If you are registering a new or different vehicle for the first time, you will still need to come in to our office to complete your transaction. ***Effective June 1, 2020, due to changes in Augusta, we may not be able to process your NEW registration before 9:00 AM and after Noon.***

Please note that our office staff is limited to phone quotes for *renewals* only. We will give you a quote or estimate for *new registrations* if all the required paperwork is brought into the town office. There is detailed information posted on our website that will assist you in “*what you need to bring*” and “*how to estimate the cost*”. Totals for motor vehicle registrations are listed for the past five years in the fiscal year comparisons below.

INLAND FISHERIES AND WILDLIFE

We have been using the State of Maine “MOSES” (Maine Online Sportsman’s Electronic System) for Hunting and Fishing Licenses since October of 2005 and it has served us well. We have been processing boat, snowmobile and ATV Registrations using this system since January 2, 2008. This online registration system provides our residents with permanent registrations directly from the State and bypasses the need for temporary stickers and registrations. Since May 2009 boat re-registrations have been done online also. Residents are encouraged to go to the State’s website, www.maine.gov and follow the links to “online services” to purchase their registrations and licenses from the convenience of their home. We now register non-resident snowmobiles and ATV’s, sell non-resident hunting &

fishing licenses and non-resident milfoil stickers for boats. If you have questions, please feel free to contact us during regular office hours.

DOG LICENSES

When coming in to license your dog, please bring the current Maine certificate of rabies vaccination and documentation if your dog has been neutered or spayed. The annual fee for a dog license is \$11.00 (if not neutered or spayed) and \$6.00 (if neutered or spayed). Dog licenses for 2024 were available October 16, 2023. Effective January 2011 the State no longer allows online dog licensing from February 1st to October 15th. Effective February 1st of each year, the State mandated late fee for unlicensed dogs is \$25.00 per dog.

If you no longer own your dog(s), please notify us at the town office and we will update our records.

VITAL RECORDS

Vital Records remains one of the busiest, ever-changing areas due to new laws constantly going into effect. We encourage everyone to call ahead so we may advise you on what you will need. Due to the amount of time that is needed, please plan to arrive at least 30 minutes before the office closes in order to receive your record on the same day. When applying for a marriage license, please come in ahead of time to pick up the required paperwork to complete prior to getting your license. At that time, we can set up an appointment for you both to come back to obtain your license. You may also request vital records by mail. Please visit our website at

vital records and genealogy requests.

Lucas Butler

The Planning Board meets the first Thursday of every month if there are any items on the agenda. You need to submit your plans to the office at least 14 days prior to this meeting as it is necessary for the office to notify the media and send letters to the abutters. The office has a list of the submission requirements that need to be submitted to the office, should have a project that needs to be reviewed by the Planning Board. You can also find the requirements in our Land Use Ordinance at www.dover-foxcroft.org. All members of the Planning Board are volunteers from the community. Their input and expertise are invaluable to the town. They put in countless hours reviewing projects and a lot of times have to make unpopular decisions for the good of the town. The town thanks them for all their help and support throughout the year and taking time out of their busy lives to provide this service to their community. The Planning Board's report follows this one.

2022-2023

Board of Appeals	Member Since:

DOVER-FOXCROFT FIRE DEPARTMENT

Greetings to the citizens of Dover-Foxcroft,

This past year has been another great and busy year for the Fire Department, and community.

The Fire Departments calls for service has grown to over 1,000 calls this past year. In addition to our fire station being staffed M-F 8am to 4pm, the department has added weekend staffing to the program during the busy summer months. The fire station will have 7-day a week coverage between Memorial Weekend and Labor Day weekend. As our community continues to grow our fire department will continue to grow and provide the best service to our community and residents.

In addition to responding to over 1,000 calls, our members behind the scene continue to actively train twice a month continually improving on their skills and knowledge.

In the past year the Fire Department was awarded a \$50,000 grant by the Stephen & Tabitha King Foundation for a new rescue boat to aid in water related emergency. By accepting this grant, we were able to bring our protection to the community to the next level.

We cannot thank the good citizens of Dover-Foxcroft enough for your continued support of our fund-raising endeavors, such as the 12th Annual Ice Fishing Derby at Sebec Lake, the Annual

Boot Drive, the food booth at the Piscataquis Valley Fair, and the Fire Prevention Campaign Letters. We are truly grateful for your support.

In closing, many thanks to the members of the Fire Departments & their families for the countless hours spent responding to calls for service, inspection, public education, community events, and training exercises. Without your hard work, dedication, and continued support from our families and community members, our fire department would not be where it is today.

Respectfully,

Brian Gaudet
Fire Chief

Burn Permits

A permit must be on hand during the burn. The burn must be attended at all times and may not be left unattended. The fire departments policy is no burning before the hours of 5pm with no wind. The exception to the 5pm policy is below,

- **Rainy Weather**
- **Snow Present**

Anyone needing a burn permit can obtain one at the fire station M-F 8am to 4pm. From Memorial Weekend to Labor Day Weekend burn permits can be obtain at the fire station 7 days a week 8am to 4pm. Burn permits are also available online see the website below,

<https://apps1.web.maine.gov/burnpermit/public/index.html>

**2023-2024
Town of Dover - Foxcroft
Public Works Report**

The Public Works Department now consists of 8 full time employees. In the winter months we employ 4 additional part timers for snow removal.

This year a roadside tractor was purchased, which allows us to do our own mowing rather than contract it out.

The public works crew worked on several different projects this year. Some of which consisted of:

Rented a machine to mow brush on Earthing Dams, Holmes Rd, Dawes Rd and a portion of Gray Hill Rd.

Paving prep, culverts, shoulder ditching was done on multiple roads

Soft areas of the following roads were repaired; Merrills Mills, Board Eddy, Holmes, Orchard, Shaw, Gray Hill, Norton Hill, Bryant.

Culvert was replaced on Merrills Mills Rd.

Trees were cut back on Chandler Rd.

Put up Winter sand

Screened Gravel at Pit

I'd like to thank the crew for their efforts throughout the year.

Respectfully submitted,

Geoff Chambers
Public Works Supervisor

For the period 1 Jul. 2023 through 30 June 2024 the Dover-Foxcroft Regional Recycling Center Received processed shipped and sold the following materials.

253.274 tons of corrugated cardboard

6.689 tons of mixed plastic

20.54 tons of paperboard

195.67 tons of scrap metal and old appliance

387.14 tons of brush wood chips

44 tons of wood ash

27.5 tons of sheetrock

26 tons of tires

19.745 tons of tv printers' computers

1,345 gal of old gas antifreeze

309 units had freon removed

255 ton of demo was landfilled at our demo site this year

WASTEWATER TREATMENT PLANT REPORT

To the Citizens of Dover-Foxcroft:

This year the Town of Dover-Foxcroft Wastewater Treatment Facility received and treated 105.49 million gallons of wastewater, 125.23 tons of organic waste, 126.44 tons of total suspended solids with overall treatment efficiency of 96 and 97%, respectively.

Description of Collection System

The town of Dover-Foxcroft currently maintains a centralized wastewater collection system consisting of approximately 20.7 miles (109,218 linear feet) of gravity sewer mains and force mains, three wastewater pump stations and 537 sewer manholes. To date, all Town owned sewer collection system has been upgraded to new PVC pipe. It has taken place over the last 25 years. With proper design and installation, it has been predicted that this sewer collection system should last over 100 years. With this said the Town should not need to address any major upgrades of the sewer collection system for at least 75 years.

In addition to the public sewer system, the Town oversees 15.1 miles (79,582 linear feet) of sewer service lines. The majority of our emergency services calls are due to this portion of the sewer system. The reason for this is some of the services are still old clay tile, asbestos cement, brick, or other substandard materials. Maintenance problems such as root intrusion, leaky sections, and structural deficiencies are associated with these substandard materials. They cause sewer line blockages and surcharge-induced flooding. If your sewer service consists of these substandard materials, you should have your sewer service line upgraded to prevent costly and inconvenient service calls.

Collection System Performance

The Town of Dover-Foxcroft Wastewater Department works hard to eliminate the overflows in the system. This is accomplished by constant preventive maintenance. Preventive maintenance consists of sewer cleaning and video inspection. The sewer cleaning keeps the wastewater flowing freely to the treatment plant. Video inspection allows us to pin point locations of problem areas, such as root intrusions, grease build up, broken pipe, and sources of infiltration and inflow (I/I).

There are a number of ways that clean water can enter the system.

- Connections of roof drains, sump pumps, cellar/foundation drains
- Connected storm drain system & catch basins
- Remaining sections of substandard sewer system that are leaky

The Town has disconnected all storm drains and catch basins from the Town's sanitary sewer system. Also, the Town has upgraded all of the substandard, leaky sewer lines. The replacement of these lines is very expensive and we are still seeing increased flows during wet weather storm events. For instance, when we have a rain event of 2 inches it will more than double our influent flows. Most, if not all, is a result of private I/I water still entering the sanitary sewer system! This excess water makes the pump stations work 2 to 3 times longer and harder and results in higher electrical consumption and increased cost. You, as a homeowner or business owner, can help by preventing any water on your

property that does not need to be treated from entering the sanitary sewer. If you have sumps, cellar, roof or yard drains hooked into public sewer lines, please have them disconnected. These connections, according to “Town of Dover-Foxcroft, 2009 Sewer Ordinance” are ILLEGAL and could lead to enforcement action and added surcharge fee to your sewer bill. And if these illegal connections are not disconnected, the money spent on upgrading the public sewer system is less effective. PLEASE do your part so we can reduce our cost of treatment.

Combined Sewer Overflows (CSO’s) were installed in the collection system to minimize damage from surcharge-induced flooding. Since the late 1980’s, the Town has work very hard at eliminating CSO’s events. I am pleased to announce that no CSO events occurred during this reporting period. With the climate changing, we are experiencing more extreme weather events in the form of rain like the December 11 and December 19, 2023. These events dumped more than 5 inches of rain with a week. We were able to pump all the water that entered the sanitary sewer system, but the pump stations were at their maximum design capabilities. Again, PLEASE do your part and discontinue allowing stormwater from your property from entering the sanitary sewer system.

This year, we started a formal, proactive system wide maintenance program. This plan was mandated by State of Maine Department of Environmental Protection and entails having a written collection system maintenance program. Simply put, the written program stipulates what we have for a collections system and how we plan on keeping it maintained.

Treatment Plant

The Dover-Foxcroft Wastewater Treatment Facility is looking and operating well for starting our 33rd year of operation. The system is running as designed.

The facility consists of pretreatment operation that includes grit removal and screening, followed by three aerated lagoons operated in series, chlorination, and dechlorination. The pretreatment process removed 125.7 cubic feet of grit and 34.2 cubic feet of screenings this year. Removing these solids from the waste stream positively impacts the aerated lagoon treatment system. The pretreatment process has removed 3058.2 cubic feet of grit and 1103.8 cubic feet of screening to date.

Sludge removal & dewatering system was put on line in 2007. We removed the sludge that accumulated in lagoon #2 in 2008, 2015 & 2022, lagoon #3 in 2009, 2016, 2021 & 2022 and a portion of lagoon 1 in 2010, 2011 and 2017. All three lagoons are at acceptable conditions. We will continue to keep track of this and remove sludge as needed.

Before sludge removal process and the new lagoon #1 aeration system our treatment efficiency was rarely above 90% but now, we are seeing 95% and above, consistently.

The chlorination and dechlorination systems work as designed this year. The chlorination system is a process that significantly reduces the pathogenic (disease causing) organisms that we discharge to the Piscataquis River. The de-chlorination

system is a process that reduces the chlorine levels that is acceptable to discharge into the environment.

Respectfully Submitted,

William J. Littlefield

Wastewater Director

Thompson Free Library | July 1, 2022-June 30, 2023

During Fiscal Year 2022-2023, the Thompson Free Library saw a lot of growth and new opportunities arise. Thank you to Thompson Free Library's dedicated staff and volunteers Jon Knepp, Kim Brawn, Michelle Fagan, Alex Shaffer, Pat Juska, Tom Lyford, and Shannen Rhoda who went above and beyond to meet the needs of our community.

Summer is always our busiest season, and this year's Summer Reading Program was our busiest in a long time. Frogtown Mountain puppeteers attracted over 250 children and adults. Other presenters focused on science, animals, and much more. Meanwhile, multigenerational programs such as concerts, poetry, our popular 101 series, author talks (including noted Maine authors Morgan Talty and Cathie Pelletier) and more filled out a wonderful programming calendar for the library. This programming helped bring even more people to the library, which is now busier than ever!

The biggest change at the library was the addition of our brand-new pavilion. After having many successful programs outside under an event tent during the warm months of 2021 and 2022, we decided to build a more permanent structure on the library lawn. With the help, support and skills of the Charleston Correctional Facilities Trades Program, Dover True Value, Ware Butler, Bangor Savings Bank Foundation, GFWC/MIOSAC Club, Shane Mailloux, Johnson Foundations, Bishop Concrete, and countless others, the pavilion went from idea to reality over the course of the year. It is a wonderful venue for programs, concerts, and gatherings of all types that will enrich our town.

The library also received a major grant award of just under \$100,000 to promote remote workers in the library. This is an area in which we've seen a lot of growth in the last few years. During the Covid pandemic, remote working became much more prevalent. In the years since, some employees have chosen to work remotely full- or part-time. With many people no longer tied geographically to where they work, our area has also seen a rise in remote workers moving to the area. Unfortunately, high-speed internet can be spotty and/or expensive, and co-working office spaces are not prevalent. We are working to renovate our basement to make it more appealing to our remote worker clientele. We have also added two Room privacy booths that allow remote workers to conduct business without bothering other patrons or vice versa. This grant will bring lots of welcome additions to our library spaces, improve it for our current remote workers, and bring more remote workers to the library—while adding valuable resources for all our patrons and visitors.

This year the library strengthened many community partnerships, working with Center Theatre, the Commons at Central Hall, Pine Tree Hospice, Reading with Erma, Piscataquis County Soil and Water Conservation District, Piscataquis County Emergency Management Agency, Piscataquis Regional Food Center, University of Maine Cooperative Extension Office, SeDoMoCha, IF & W, the Dover-Foxcroft Historical Society, Foxcroft Academy and others. Thank you to our community partners!

Thompson Free Library maintains a diverse collection of materials intended to encourage a love of reading, facilitate the exploration of ideas, and support the interests of our community members. At the library you can find offerings including current bestsellers as well as classics, fiction and nonfiction, large print books, graphic novels, magazines, audiobooks, DVDs, wifi hotspots, local history materials, access to e-books, audiobooks, streaming series and movies, and passes to visit Maine State Parks, The Maine Discovery Museum and The Coastal Maine Botanical Gardens. Printing, scanning, faxing, and other services are available at minimal cost. The library continues to increase access to interlibrary loan materials through a resource sharing initiative within the Maine Balsam Libraries Consortium and beyond, through which we can request almost any book. Use the online catalog at www.thompsonfreelibrary.org to make requests from participating libraries across the state.

Each year the library provides detailed statistics to the Maine State Library. Highlights of Fiscal Year 2021-2022 data include:

- Library visits: 32,379
- Registered library users: 2,248
- Circulation: physical materials: 32,038
- Circulation: digital books/audiobooks: 2,482
- Public computer sessions: 1,277
- Wifi usage sessions: 8,276
- Library programs: 267
- Program attendance: 4,537

Thompson Free Library is open 9-7 Tuesdays and Thursdays, 9-5 Wednesdays and Fridays and 9-1 Saturdays. Library cards are free to Dover-Foxcroft residents and property owners and RSU 68 students. Non-residents can become members by paying \$20 per year. We can be reached by phone at 564-3350. Visit our website: www.thompsonfreelibrary.org, our Facebook page: www.facebook.com/thompsonfreelibrary, our Instagram @tf_library, and our Youtube channel: www.bit.ly/TFLyoutube, to learn more about past and future happenings at the library. Also, visit our new streaming service Biblio+ at: www.biblioplus/libraries/thompsonfreelibrary.org to sign up with your library card.

**Town of Dover-Foxcroft
Annual Town Meeting Warrant - Fiscal Year 2022-2023
Saturday, April 23, 2022**

To Matt Grant, a Constable of the Town of Dover-Foxcroft in the County of Piscataquis and State of Maine, or any other Constable of said Town:

GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said Town of Dover-Foxcroft in said County and State qualified by law to vote in town affairs, to meet at the Dover-Foxcroft Municipal Building Gymnasium in said Town on Saturday, the 23rd day of April, A.D., 2022 at 9:00 O'clock in the forenoon, then and there to act upon the following articles:

ARTICLE 1

To elect a Moderator to preside at said meeting and to vote by written ballot.

ARTICLE 2

Shall the Town appropriate revenues anticipated in the amount of \$2,954,020 and appropriate additional funds including funds from surplus in the amount of \$669,000, for a total amount of \$3,623,020 to be used to reduce amounts to be raised from the property tax commitment to fund appropriations in subsequent articles, and; authorize the Board of Selectmen to appropriate an additional amount from surplus to reduce the property tax commitment?

Select Board Recommends. Budget Advisory Committee Recommends.

ARTICLE 3

Shall the Town raise and appropriate the sum of \$5,447,525, for Town Operations? (Revenue and surplus to be used to reduce the amount to be raised to fund this article is \$1,163,200, net amount to be raised is \$4,284,325.)

	Proposed	Prior Year
General Government	1,803,045	1,667,740
Protection	573,175	526,230
Fire Protection	320,225	281,530
Fire Hydrants	227,100	219,400
Public Works	1,102,985	1,040,240
Solid Waste	610,690	562,880
Welfare	45,330	43,465
Social Services	12,350	11,800
Recreation Facilities	39,750	34,225
Youth League Sports	24,000	24,000
YMCA Rec Programming	35,000	35,000
Charles A. Chase Airport	2,370	2,370
Cemetery	170,845	138,930
Contingency/Abatement	45,000	50,000
Promotion and Development	22,550	20,520
Thompson Free Library	229,530	211,140
Debt Service	72,410	46,870
Equipment Lease	111,170	111,170
TOTAL	5,447,525	5,027,510

Select Board Recommends. Budget Advisory Committee Recommends.

ARTICLE 7

Shall the Town of Dover-Foxcroft appropriate all sewer department revenue anticipated in the amount of \$773,580 to fund sewer operations, debt repayment and capital? Total expenditure = \$773,580.

	Proposed	Prior Year
Operations	491,250	455,475
Debt Service	218,680	218,695
Capital Equipment	63,650	63,650
TOTAL	773,580	737,820

Select Board Recommends. Budget Advisory Committee Recommends.

ARTICLE 8

Will an Ordinance entitled “Amendments to the Town of Dover-Foxcroft Land Use Ordinance pertaining to Accessory Uses and Nonconforming Uses” be enacted?

ARTICLE 9

Will an Ordinance entitled “Amendments to the Town of Dover-Foxcroft Land Use Ordinance pertaining to Marijuana Land Uses” be enacted?

The Select Board hereby gives notice that the Office of the Registrar of Voters in the Municipal Building will be open from 8:30 a.m. until 5:30 p.m. on the 20th and from 7:30 a.m. until 4:30 p.m. on the 21st and 22nd day of April, 2021 A. D, to receive applications of persons claiming the right to vote. A prospective voter may also register to vote at the Annual Town Meeting.

Approved this 11th day of April, A.D., 2022,

**TOWN OF DOVER-FOXCROFT
SELECT BOARD**
