

MaineDOT

Notice of Preliminary
ON-DEMAND VIRTUAL
PUBLIC MEETING
Dover-Foxcroft

To discuss the replacement of the Dover Bridge (#5118) over Piscataquis River, located 0.04 of a mile east of River Street. Access to this and all other Virtual Public Meetings are available at mainedot.gov/vpi. This meeting gives the opportunity for public comment.

MaineDOT will have an on-demand presentation available that will act as our preliminary Public Meeting. Video presentations will be provided giving information about the proposed project and other pertinent information. These on-demand meetings allow for increased engagement and convenient viewing at any time. The meeting also provides the ability for online comments and questions that will be answered by MaineDOT staff.

The Department is providing this virtual presentation to inform the public and invite questions or comments. We are particularly interested in learning local views, discovering resources, and identifying any concerns or issues. Anyone with an interest is encouraged to view the presentation at the above website.

MaineDOT invites and encourages you to review the meeting and share your thoughts on this project until February 23, 2022. While the official comment period closes on that date, the meeting will still be available for viewing beyond that date at our Project Library page located at this site. maine.gov/mdot/vpi/library/

Accommodations will be made for persons with disabilities.

Questions, comments, or inquiries can be made directly through the on-demand meeting or can be directed to the Project Manager listed below.

Jason Stetson, Project Manager,
Maine Department of Transportation,
24 Child Street, 16 State House Station,
Augusta, Maine 04333-0016.
